

Welcome TO GLEE

Here at Glee it is our mission to share our passion for music to all who want to learn! With our years of experience combined with our family friendly atmosphere, our goal is to spread joy to each person who enters our school! It is our hope that you will pay it forward, spreading your joy in music wherever you go outside of the classroom! Through the power of music we can make our world a better place.

How Do Lessons Work?

All of our lessons are Private Style, one on one lessons. While Group classes have their own benefits, here at Glee we focus on the one on one approach which offers personalized attention and tailored instruction. Private lessons can allow for faster progress as well as being able to more adequately address each student's individual needs.

All of our lesson plans encourage weekly instruction and practice. If you decide on a Subscription, you will have one lesson a week with your teacher at our School Location, and need to be prepared to practice daily when at home. For a successful learning experience, professionals recommend between 4 and 7 days of practice per week. If you need an instrument, please ask your instructor for recommendations.

What Do You Get With Your Tuition?

1. Opus1 Portal Access : Will allow you to see your Subscription and your Class Schedule. You will also have the ability to cancel and schedule lessons from Opus1 as well. You will receive a “Before Your First Lesson” email to where you can login to your Student Account for the first time. Your Account login will be the email address you provided us. Then all you need to do is Click on the Forgot Password link, to set up your new password.

2. Make-Up Lessons : Should you need to cancel any lessons, we encourage you to do so within a minimum of 24 hours notice. Any lessons that are cancelled 24 hours prior or longer will generate a Make-up Lesson. This lesson is yours to use wherever your teacher (or a Substitute Teacher) has availability on their schedule. You do not have to use the make us lesson right away, as your Make-up will not expire for 6 months! As long as you have an active, paid subscription your make-up lessons will be yours to use before they expire.
