Teacher Spotlight

Alex Bird

Alex teaches piano and guitar. He began learning piano at the age of seven, and music has been part of his life since. He built his first guitar in middle school, prompting him to teach himself guitar. At 15, he began composing complete songs for the first time using digital audio workstations. This prompted a fascination with synthesizers, electronic instruments, and music production. Alex also studied the mandolin, bass, and drums. He currently teaches sixth grade and occasionally plays in small shows around downtown Sacramento.
