## Student Spotlight

### Maya

In just one short year, Maya has discovered a wonderful talent for the piano, quickly turning her home into a place filled with beautiful music. When she isn't busy practicing her scales and favorite songs on the keys, you can usually find her staying active by flipping and tumbling in gymnastics class or making a splash during swim practice.

Maya also has a very artistic side and loves to spend her quiet time drawing imaginative pictures. When she wants to connect with her friends, she loves hopping online to play Roblox together.

Above all else, Maya is a huge animal lover. With a heart full of kindness for all furry creatures, she is an enthusiastic fan of both dogs and cats and is eagerly looking forward to the day she can welcome a new four-legged friend into her family. Maya recently performed at our Spring Recital to view her performance [click here!](#)
